

2022-2023 JLD Sustainer Interest Groups

Sustainer Interest Groups are topic-specific organizations for JLD Sustainers in good standing. Please note that many of these groups have small fees in addition to your JLD annual dues. Because of the popularity of these groups, many are full and have a waiting list. However, if you are interested in starting a new Sustainer Interest Group, more information on starting a new group is available at <https://www.jldallas.org/sustainers/#Interest-Groups>.
